"I wouldn't just whack anyone, not even a worm bucket like Cain, any more than I would commit suicide. Remember, I believe in eternal consequences." Writing came with reading, and in a notebook, he began to make entries about points of interest in the stories that he enjoyed. His Diary of a Book Reader, as he titled it, fascinated Agnes, who read it with his permission; these notes to himself were enthusiastic, earnest, and charming-but literally month by month, Agnes noticed that they grew less naive, more complex, more contemplative..Neddy favored a quick greeting, two curt pumps, but Junior held fast after the handshake was over. He didn't grind the musician's knuckles, nothing so crude, just held on pleasantly but firmly. His intention was to confuse and further rattle the man, taking advantage of his obvious dislike of having his personal space encroached upon, in the hope that Neddy would reveal why he'd been watching Junior so intently from across the room..Koko changed directions with a fantastic pivot turn and bounded after the girl..By invoking the word emergency, Celestina was able quickly to reach her own physician in San Francisco. He agreed to treat Phimie and to have her admitted to St. Mary's upon her arrival from Oregon..In the motel office, Junior paid for another night in advance. His preference in lodgings didn't run to greasy carpeting, cigarette-scarred furniture, and the whispery scuttling of cockroaches in the dark, but though feeling better, he was too tired and shaky to drive..Candle flames blurred into bright smears, and the faces of her good parents shimmered like the half-seen countenances of angels in dreams..After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet.."Fear?" Kathleen asked, more interested in Vanadium's words than in his prestidigitation. "You said you're offering fear to Cain ... as if that was something he would want." "It's just that you never know what anyone's hand has been up to recently," Jacob explained. "That respectable banker down the street might have thirty dismembered women buried in his backyard. The nice church-going lady next door might be sleeping in the same bed with the rotting corpse of a lover who tried to jilt her, and for a hobby she makes jewelry from the finger bones of preschool children she's tortured and murdered." Three times, Mary vanished, and three times she reappeared, before she led the bamboozled Koko to her mother and father. "Neat, huh?" "If you don't, your feeling gland isn't working. Want me to read you to sleep?" The dying-dove hands fluttered down Junior's arms, plucking feebly at his leather coat, and at last hung limp at Neddy's sides..Alarm contacts gleamed in the header, but the system wasn't currently activated..He groaned. "That just doesn't cut it, Mom. If I gotta be blind, I think I should get to say peed off." Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..mouth was turned down in half a frown. From the corner of her lips oozed a stream.After coffee had been served, when Celestina and Wally were no longer the center of attention, he indicated the array of desserts with his fork, smiled, and said, "I just want you to know, Celie, that these are sweets enough until we're married." He didn't realize he was swinging the candlestick at Vanadium's face until he saw the blow land. And then he couldn't stop himself from swinging it yet once more..Instead, he was given a small color brochure featuring samples of the artist's work. It also contained the same photograph of her smiling face that graced the window.."Soon as Cain is out of sight, we yank up our tricky vending machines, then haul the real ones out of the van and bolt 'em down again. Slick, fast. People are still picking up quarters when we finish. And get this-they want to know where the camera is." "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive." Tom Vanadium merely arched one eyebrow, as if to say that more than a single answer ought to be obvious..From her Volkswagen bus in the middle of the line, Maria joined them. "In case we get separated, Agnes, I don't have an itinerary." Throughout this procedure, Barty appeared solemn and thoughtful. When he had squeezed the tenth toe, he stared at it, brow furrowed.."And you're saying fear can fill his emptiness as well as sex or booze?" Kathleen wondered..Perhaps a lot of suspects were rattled and ultimately unnerved by this behavior. Junior wouldn't be easily trapped. He was smart..Ursula K. Le Guin.Mocked by the silvery ping-ting-jingle of the maniac detective emptying his ghostly pockets, Junior ran..Thick fog distorted all sense of time and place. At each end of the block, pearly hazes of light marked intersections with main streets but didn't illuminate this narrower passage in between. A few security lamps-bare bulbs under inverted-saucer shades or caged in wire--indicated the delivery entrances of some businesses, but the dense white shrouds veiled and diffused these, as well, until they were no brighter than gaslights..Suddenly, even in the heart of a great city, the alleyway seemed as lonely as an English moor, and not a smart place to seek asylum from a vengeful spirit. Casting aside all pretense of self-control, Junior sprinted for the next street, where the sight of multitudes, swarming in winter sunshine, filled him not with paranoia or even uneasiness, anymore, but with an unprecedented feeling of brotherhood..He briefly considered playing dumb, but he knew she was too smart for that. "Gunsmoke, you mean. Listen, I know you'll do whatever's necessary to keep Angel safe, because you love her so much. Love will give.That was all right, for she had done the same for Otter's elder sister, and so his parents sent him to her in the evenings. But she taught Otter more than the song of the Creation. She knew his gift. She and some men and women like her, people of no fame and some of questionable reputation, had all in some degree that gift; and they shared, in secret, what lore and craft they had. "A gift untaught is a ship unguided," they said to Otter, and they taught him all they knew. It wasn't much, but there were some beginnings of the great arts in it; and though he felt uneasy at deceiving his parents, he couldn't resist this knowledge, and the kindness and praise of his poor teachers. "It will do you no harm if you never use it for harm," they told him, and that was easy for him to promise them..This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires..He felt lightheaded again. But this time he knew why. Not an oncoming case of the flu. He was straining against the cocoon of his life to date, straining to be born in a new and better form. He had been a pupa, encased in a chrysalis of fear and confusion, but now he was an imago, a fully evolved butterfly, because he had used the power of his beautiful rage to improve himself. When Bartholomew was dead, Junior Cain would at last spread his wings and fly..Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth..The sound made by the dropping corpse indicated that cushioning trash lined the bottom of the bin, and also that it was no more than half full. This improved chances that Neddy wouldn't be discovered until a dump truck tumbled him into a landfill-and even then perhaps

no eyes would alight upon him again except those of hungry rats.. "Other Bartys and other Agneses in other houses like this-all here together now." "I don't know." He was silent a moment. "That's what's going to be interesting." On his nightstand, he found an envelope evidently placed there by Hanna, after she'd taken it from his pharmacy smock, which he had given her to launder. The envelope contained the letter about Agnes Lampion that Paul had written to Reverend White in Oregon..He sat on the edge of the bed and held her right hand. She had passed away such a short time ago that her skin was still warm..Now, here, lying on a bed in the emergency room of a Sacramento hospital, on a Saturday afternoon only six weeks before the camellia festival, Junior suffered under the care of a resident physician who was so young as to raise the suspicion that he was merely playing doctor..Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist-yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others-Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it." He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers..This ended any hope of romance, and he was disappointed. A less self-controlled man might have seized a nearby bronze vase-fashioned to resemble dinosaur stool-and stuffed her into it or vice versa..Ever since he'd searched Vanadium's house, over fourteen months ago, Junior had enjoyed learning about other people by touring their homes in their absence. Because he was unwilling to risk arrest for breaking and entering, these explorations were rare, other than in the homes of women whom he'd dated long enough to justify swapping keys. Happily, in this golden age of trust and easy relationships, as little as a week of hot sex could lead to key-level commitment.. "Yeah, they think we're with Candid Camera. So Jimmy points to this United Parcel truck parked across the street and says the cameras are in there." On second thought-no. If Seraphim had told anyone she'd been raped, the police would have been at Junior's doorstep in minutes, with a warrant for his arrest. No matter that they would have no proof. In this age of high sympathy for the previously oppressed, the word of a teenage Negro girl would have greater weight than Junior's clean record, fine reputation, and heartfelt denials..In spite of its dazzle and power and comfort, however, the car was not able to lift his spirits as he cruised the hills of the city. Somewhere along these darkly glistening streets, in these houses and high-rises clinging to steep slopes awaiting seismic sundering, the boy was sheltered: half Negro, half white, full doom to Junior Cain..glasses off the table. He seized one of the pewter candlesticks, as well, knocking the candle out of it..His entire body throbbed from his neck to the tips of his nine toes. His legs were the worst, filled with hot twisting agony..Instead of engaging in the confrontation for which he had been pressing ever since his first visit, Vanadium surprised Junior by breaking eye contact, turning from the bed, and crossing the room to the door..He had time to think of quite a few, because he drove five miles per hour below the posted speed limit. He couldn't risk being stopped for a traffic violation when Thomas Vanadium, the human stump, was dead and bundled in the back..He was wrong about this. On the final Friday of every month, in sunshine and in rain, Junior routinely took a walking tour of the six galleries that were his very favorites, browsing leisurely in each and chatting up the galerieurs, with a one-o'clock break for lunch at the St. Francis Hotel. This was a tradition with him, and invariably at the end of each such day, he felt wonderfully cozy..By now, all here assembled knew Celestina well enough that Tom's final example raised an affectionate laugh from the group..With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent..After she flushed, Angel stood on a stepstool and washed her hands at the sink.. "We have reason to believe that the man who raped your sister is stalking you." He turned the brochure in his hands, to look at the front of it again. Gradually he began to suspect that the title of the exhibition might be what had brought to mind the reverend's unremembered sermon..When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse..His previous plan to create a tableau-butter on the floor, open oven door-to portray Victoria's death as an accident was no longer adequate. A new strategy was required.
