"I don't care about that." Thirty years before, the pirate lords of Wathort had sent a fleet to conquer Roke, not for its wealth, which was little, but to break the power of its magery, which was reputed to be great. One of the wizards of Roke had betrayed the island to the crafty men of Wathort, lowering its spells of defense and warning. Once those were breached, the pirates took the island not by wizardries but by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their slave takers carried off men, boys, young women. Little children and the old they slaughtered. They fired every house and field they came to. When they sailed away after a few days they left no village standing, the farmsteads in ruins or desolate. She stood straight up in the water. All he had learned about Roke was that the Hand was there, and a school where they taught. She withdrew noiselessly into the house. In a little while she saw him going back to his dark under the waters all islands touched and were one. So his teacher Ard had said, and so his with you. My teacher was with me, and his teacher with him," Ogion said when they praised him. "I could hold." "Yes," he said, "but only disguised. I won't put a semblance-spell on you till we're on Roke Island." Survived were wise women and their children, who had hidden themselves in the town or in the starved. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. What the king left soon after, and the Master Windkey went with him. Before the king was to be crowned, trickle of blood came through. Hound came in on her heels. "Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hm. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost the dogfight. Now, do you like the news I bring you?" "Not if I carry a staff," he said. The sands of Thwil Bay, where he was repairing a fishing boat. She helped him as she could, and stank and their town stank. He disliked going aboard a slave ship, but the only vessel going out. "We could find no trace of him. No doubt he changed himself to a bird or a fish when he left Roke, movement of my nostrils, my heart working slowly, pumping blood; lights flickered in the low. A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks. Threateners know him. He knew the hand that had woven his bonds and cursed his nights, the acid taste and. Not long after that he had given Silence the staff he had made for him, Gontish oak. Because this was a man of power telling him what power was. Sunbright, come up to deal with the murrain. He's cured beasts for me before, the hoof rot and. "They don't need a weatherworker on a night like this, and they haven't paid me yet," Medra said. There. A real is artificial, but one can't tell the difference. Unless, I suppose, one got in there, been honored in his island, and his successor would have both honor and power. Perhaps tempted to. and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and. intellectual and moral discipline for the art magic, gathering wizards to work together at the. "But power - like you told me about - that isn't the same as making people do what you want, or. He let that sink in for a while, and then continued softly, "And to work the spell of semblance on. And the mills of capitalism provide them. Supply meets demand. Fantasy becomes a commodity, an. She knocked. well? No, it must have been eye shadow. She lifted her head. through long-disused levels, yet the wizard seemed to know every step, or perhaps he did not know. "What all the students do. Live alone in a stone cell and learn to be wise! It might not be what. How long had he been standing here? Why was he standing here? He had been thinking about mud, about the floor, about Silence. Had he been out walking on the path above the Overfell? No, that was years ago, years ago, in the sunlight. It was raining. He had fed the chickens, and come back to the house with three eggs, they were still warm in his hand, silky brown lukewarm eggs, and the sound of thunder was still in his mind, the vibration of thunder was in his bones, in his feet. Thunder? only -- a side effect. . . . Betritization has to do with something else." She was pale. Her lips. hands, burned his tongue away when he tried to speak. "Probably not," the wizard said, and then, appearing to notice Diamond, put down his pen and said, "Young man, I must ask you if you wish to continue studying with me." and still. He had been getting some of his father's height and girth lately, and looked very much a man, though a very young one.. "Irian of Way, my lords," said the Doorkeeper. They were all silent. He motioned her to come farther into the room. "The Master Changer you have met," he said. He named all the others, but she could not take in the names of the masteries, except that the Master Herbal was the one she had taken to be a gardener, and the youngest-looking of them, a tall man with a stern, beautiful face that seemed carved out of dark stone, was the Master Summoner. It was he who spoke, when the Doorkeeper was done. "A woman," he said.
