Great anger was apparent in the way that the uneven, red block letters had been drawn on the wall in hard slashes. But the lettering looked like the work of a calm and rational mind compared to what had been done after the three Bartholomews were printed. "64 just a little bit ago," the girl said. "I was sitting on the porch, having a Popsicle, and I just figured it out." Tom would have edged to his right, away from Edom, if Jacob hadn't flanked him. He remembered the odd comment that the more dour of the twins had made about the Bakersfield train wreck. "How's something so delicious come from a fat, smelly, dirty, snorting old pig?" He was unconscious, wired to a heart monitor, pierced by an intravenous-drip line. Clipped to his septum, an oxygen feed hissed faintly, and from his open mouth rose the barely audible wheeze of his breathing. In her features, the girl entirely resembled her mother. She was nothing whatsoever like Junior. Only the light brown shade of her skin provided evidence that she hadn't been derived from Seraphim by parthenogenesis. During the past ten days, he'd proved that he was clever, bold, with exceptional inner resources. He needed to tap his deep well of strength and resolve now, more than ever. He'd been through far too much, accomplished too much, to be brought down by mere biology. Kathleen hadn't noticed Tom replace his glass on the table, over the quarter. When he lifted it to drain the last of the martini, two dimes and a nickel glittered on the tablecloth, where previously the quarter had been. By the grace of Caesar Zedd and Remy Martin, Junior eventually slipped into undulant currents of sleep, and as he drifted away on those velvet tides, he took some solace from the thought that come what may, December 29 would be a better day than December 28. "Take care you don't beat evil into him," said his aunt. With his sister's financial backing, Edom purchased a flower shop in '71, after ascertaining that the strip mall in which it was located had been even more soundly constructed than the earthquake code required, that it didn't stand on slide-prone land, that it did not lie in a flood plain, and that in fact its altitude above sea level ensured that it would survive all but a tidal wave of such towering enormity that nothing less than an asteroid impact in the Pacific could be the cause. In '73, he married Maria Elena (that boy-girl thing, after all), whereupon she became Agnes's sister-in-law in addition to having long been a full sister in her heart. They bought the house on the other side of the original Lampion homestead, and another fence was torn down. Junior could only imagine how flattered Victoria would be to receive the attentions of a twenty-three-year-old stud, flattered and grateful. When he contemplated all the ways she could express that gratitude, there was barely enough room behind the wheel of the Suburban for him and his manhood. Although Zedd counsels living in the future, he recognizes the need to have full recollection of the past when absolutely needed. One of his favorite techniques for jolting memories loose when the subconscious. Agnes rubbed noses with him again, kissed him, and rose from the edge of the bed. After a while, when no plane crashed on top of him, Jacob got up, went into the kitchen, and mixed a batch of dough for Agnes's favorite treats. Chocolate-chip cookies with coconut and pecans. That was the first-and until now the last-long walk he made with a purpose in mind. He went to see a hero. The right side of the girl's face appeared to be more strongly affected by gravity. During the course of this momentous day, he had employed Zedd learned techniques to channel his hot anger into a red-hot rage. Now, without any conscious effort on his part, rage grew into molten-white fury. "Yes, I was." She didn't tell him that her fear had not been allayed by his assurances or by his second walk in the rain. Now, trouble. Different from what he'd experienced before but just as powerful and terrifying. He didn't need to regurgitate, but he desperately needed to evacuate. Celestina intended to capture Nella as she was now, head at rest upon the pillow of, perhaps, her deathbed, eyes closed and mouth slack, face ashen but serene. Then she would draw four more portraits, using bone structure and other physiological evidence to imagine how the woman had looked at sixty, forty, twenty, and ten. The odds against drawing a jack of spades four times in a row out of four combined and randomly shuffled decks were forbidding. Jacob didn't have the knowledge necessary to calculate those odds, but he knew they were astronomical. A pang of regret pierced her, that her boy's precocity should deny him this fine fantasy, as her morose father had denied it to her. "He's real," she asserted. Maria Elena Gonzalez-no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square-joined Agnes, Barty, Edom, and Jacob on Christmas. "If you're a dowser, better dowse," said Licky, coming up alongside him and looking sidelong into his face. "And if you're not, you'd better dowse all the same. That way you'll stay above ground longer." His happy expectation thickened into dread when he spotted the ambulance at the curb. And in the driveway stood the Buick that belonged to Joshua Nunn, their family doctor. Ordinarily, when Celestina was troubled, her art was a perfect sanctuary from all woes. When she was planning, composing, and rendering, time had no meaning for her, and life had no sting. "AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non." Yet the coin was as real as dead Naomi broken on the stony ridge at the foot of the fire tower. Not every coincidence, however, has meaning. Toss a quarter one million times, roughly half a million heads will turn up, roughly the same number of tails. In the process, there will be instances when heads turn up thirty, forty, a hundred times in a row. This does not mean that destiny is at work or that God-choosing to be not merely his usual mysterious self but utterly inscrutable-is warning of Armageddon through the medium of the quarter; it means the laws of probability hold true only in the long run, and that short-run anomalies are meaningful solely to the gullible.
