But he had agreed with Pernak and Lechat that a nucleus of people capable of taking rational control of events would have to remain available until the last possibility of extreme threats to the Chironians went away, and that Ramisson's Integrationist platform, to which Lechat had now allied himself, needed support to allow the old order to extinguish itself via its own processes.."You can't be soft with people like this," Borftein said bluntly. Kalens very much doubted it. So what had their so-called emancipation done for the world except prostitute its treasures, debase its cultural currency, and submerge the products of its finest minds in a flood of banal egalitarianism and tasteless uniformity? "I'm never going to get used to this." Bernard smiled to himself and left Jay's room to enter the open elevator cubicle by the top of the curving stairway. Seconds later he walked out again and into the lounge. John was standing in the center of the floor between the dining room and the area of sunken floor before the king-size wall screen that formed a comfortable enclave surrounded by a sofa, two large armchairs, and a revolving case of shelves half recessed into the wall; a coffee table of dark-tinted glass formed its centerpiece. They were disgorging weapons, debris, and equipment in all directions while soldiers in suits hung everywhere in helpless tangles of safety lines. "Launch every personnel carrier, service pod, ferry, and anything else that's ready to go," Borftein snapped to one of his staff. "Get them from Vandenberg or anywhere else you have to. Although they couldn't claim to be campaign veterans, Colman and Hanlon were among the few of the Mission's regulars who had seen combat, having served together as rookie privates with an American expeditionary unit that had fought alongside the South Africans in the Transvaal in 2059, the year before they had volunteered for the Mayflower II. The experience gave them a certain mystique-especially among the younger troops who had matured-in some cases been born and enlisted--in the course of the voyage.
